

Curriculum Vitae

THERESA E. GILDNER

Department of Anthropology, Washington University in St. Louis
Campus Box 1114, One Brookings Drive, Washington University, St. Louis, MO 63130
Email: gildner@wustl.edu
Website: <https://tgildner.wixsite.com/theresa-gildner>

PROFESSIONAL APPOINTMENTS

2021-Present

Assistant Professor

Department of Anthropology, Washington University in St. Louis

2018-2020

McKenna Postdoctoral Fellow

Department of Anthropology, Dartmouth College (with Dr. Zaneta Thayer)

EDUCATION

2018 Ph.D., Biological Anthropology, University of Oregon

Dissertation Title: *Life history tradeoffs between testosterone and immune function among Shuar forager-horticulturalists of Amazonian Ecuador*

Advisor: Dr. J. Josh Snodgrass

2013 M.S., Biological Anthropology, University of Oregon

Master's Thesis Title: *Effect of sleep quality and duration on cognitive function among older adults from five middle income countries: Results from the Study on global AGEing and adult health (SAGE).*

Advisor: Dr. J. Josh Snodgrass

2011 B.S., Biology and Anthropology, University of Notre Dame

Cum Laude, Anthropology Departmental Honors

FELLOWSHIPS AND HONORS

2025 Human Biology Association Michael A. Little Early Career Award

2017-2018 University of Oregon Dissertation Research Fellowship

2012 NSF-GRFP Honorable Mention

2011-2017 Graduate Teaching Fellowship, University of Oregon

2010 NSF-REU Fellow in Biocultural Anthropology, University of Notre Dame

GRANTS AND AWARDS

External grants in review

NSF, Senior Award, "Environmental exposures, gastrointestinal infections, and intestinal dysfunction: Testing the Hygiene and Old Friends Hypotheses in low-resource U.S. communities" (my role: PI); May 2026 – April 2029 (\$516,501).

NSF, Doctoral Dissertation Research: The Role of Gut Microbiota in Estrogen Metabolism and Its Implications for Life History Trade-Offs and Disease Risk (\$38,259; study PI).

NIH R01, “Linking Soil-Derived Environmental Metals and Parasitic Infection to Chronic Disease Pathways in Pediatric Populations” (my role: Co-I); April 2026 – March 2031 (\$3,737,850; WashU subaward total: \$714,928).

Mitsubishi Corporation Foundation for the Americas, “Upstream Solutions: Environmental Justice in Addressing Flooding-Related Health and Economic Inequities” (my role: PI); January 2026 – December 2028 (\$796,500).

Wenner-Gren Foundation Conference and Workshop Grant, “Advancing strategies for community-engaged research in biological anthropology” (my role: co-organizer); March 2026 (\$20,000).

NIH R25, Summer Research Education Experience Program, “Air Quality and Health Science Summer Research Program” (my role: Program Faculty member).

External grants received

- 2025** **NSF, Growing Convergent Research,** “GCR: A Convergent Framework for Predicting Flood-Driven Health Risks in Vulnerable U.S. Communities” (my role: PI); Sept 2025 – Aug 2030 (\$1,199,999 in Phase 1; \$2,400,000 in Phase 2)
- 2025** National Science Foundation Doctoral Dissertation Research: Longitudinal investigation of childhood bone growth in relation to physical activity, food security, and immune function in low-resource US regions (\$30,062; study PI)
Recommended for funding if funds are approved and available.
- 2023** National Science Foundation Postdoctoral Fellowship (SPRF): Structural Determinants of Exposure and the Gut Microbiome (\$130,000; study co-PI/mentor)
- 2019** Wenner-Gren Engaged Anthropology Grant (\$4,942; study PI)
Not used due to COVID-19 pandemic.
- 2017** National Science Foundation Doctoral Dissertation Improvement Grant (\$11,464; study co-PI)
- 2016** Wenner-Gren Foundation Dissertation Fieldwork Grant (\$20,000; study co-PI)
- 2015** Oregon Sasakawa Young Leaders Fellowship Fund (SYLFF) Graduate Fellowships for International Research (\$12,000; study PI)
- 2015** The Lewis and Clark Fund for Exploration and Field Research (\$5,000; study PI)

Internal grants received

- 2023** Transdisciplinary Institute in Applied Data Sciences (TRIADS), Seed Grant Program, “Legacy of Neglect: Linking flood hazards, pathogen exposure, and health inequities in Cahokia Heights, IL” (\$90,827; study co-PI).
- 2023** ICTS Just-In-Time Core Usage Funding Program, “ELISA Validation of T3, T4, and TSH from Dried Blood Spots” (\$4,585; study co-PI)

- 2022** SPEED in Research Program, “Parasitic Disease and Intestinal Inflammation in Low-Resource U.S. Regions: Infection Patterns and Community-Based Outreach Strategies” (\$49,999; study PI).
- 2019** Dartmouth College Leslie Center working group funding (\$1,500; study PI)
- 2019** Dartmouth College Dickey Center working group funding (\$1,000; study PI)
- 2019** Dartmouth College Rockefeller Center working group funding (\$1,000; study PI)
- 2019** Dartmouth College Neukom Institute working group funding (\$1,000; study PI)
- 2018** Dartmouth College Claire Garber Goodman Fund Research Award (\$10,086; study PI)
- 2015** Center for Latino/a and Latin American Studies Graduate Student Summer Research Award (\$1,000; study PI)

PEER-REVIEWED JOURNAL PUBLICATIONS

2025

- Langer-Gould AM, Cepon-Robins TJ, Benn Torres J, Yeh EA, **Gildner TE**. Embodiment of Structural Racism and Multiple Sclerosis Risk and Outcomes in the USA. *Nature Reviews Neurology*, 27:1-3 (13 pages) <https://doi.org/10.1038/s41582-025-01096-5>
- Cepon-Robins TJ, **Gildner TE**, Urlacher SS, Liebert MA, Madimenos FC, Bribiescas RG, Eick G, Harrington C, Sugiyama LS, Snodgrass JJ. Soil-transmitted helminths and the intricacies of immunoregulation: Evidence from Amazonian Ecuador for the importance of considering species-specific effects within the Old Friends Hypothesis. *American Journal of Human Biology*, 37(6):e70076 (17 pages) DOI: 10.1002/ajhb.70076
- Williams P, Campbell S, **Gildner TE**, Geisel-Zamora S, Thayer ZM. Evaluating stress management approaches, types of social support and postpartum mental health during the COVID-19 pandemic: a cross-sectional study based in the United States. *BMJ Public Health*, 3(1) (9 pages). <https://doi.org/10.1136/bmjph-2024-001017>
- Liebert MA, Urlacher SS, Madimenos FC, **Gildner TE**, Cepon-Robins TJ, Harrington CJ, Bribiescas RG, Sugiyama LS, Snodgrass JJ. Variation in diurnal cortisol patterns among the Indigenous Shuar of Amazonian Ecuador. *American Journal of Human Biology*, e24056 (32 pages) DOI: 10.1002/ajhb.24056
- Bribiescas RG, Sancilio A, Amir D, Cepon-Robins TJ, **Gildner TE**, Liebert MA, Madimenos FC, Urlacher SS, Snodgrass JJ, Sugiyama LS. Testosterone, 8-Oxo-2'-deoxyguanosine (8-OHdG) and Cu/Zn Superoxide Dismutase (SOD) in adult Shuar males of Amazonian Ecuador: A test for evidence of trade-offs between reproductive effort and oxidative stress. *American Journal of Human Biology*, 37(4), e70042 (14 pages) <https://doi.org/10.1002/ajhb.70042>

RECENT CONFERENCE PRESENTATIONS (NOT LISTED ABOVE)

2024

Dorosin S, Dale J, Masteller C, Mallott EK, **Gildner TE**, Flynn E, Catalano J. Quantifying the relationship between soil lead levels and urban nuisance flooding in Cahokia Heights, IL. AGU24 Meeting.

Hartnett K, Wang M, **Gildner TE**, Thayer ZM. Re-envisioning U.S. Maternity Care: Why We Should Leverage Birth Centers to Improve Outcomes, Patient Experiences, and Costs. 44th Annual NNE CO-OP PCBRN Meeting.

2023

Masteller CC, Hosseiny H, Dale JE, Chandler H, Dorosin S, **Gildner TE**, Mallott EK, Constantine JA. A community-centered approach to urban flood monitoring and flood model development in Cahokia Heights, IL, American Geophysical Union, 11-15 December 2023, Oral.

Hartnett K, Wang M, **Gildner TE**, Thayer ZM. Increasing accessibility to birth centers in the U.S. can help reduce maternal mortality and healthcare costs. Children's Hospital at Dartmouth-Hitchcock conference.

Cantrell HN, Hallett E, Liebert MA, Barrett TM, Cepon Robins TJ, **Gildner TE**, Urlacher SS, Madimenos FC, Getz M, Sugiyama LS, Snodgrass JJ. Kidney Function and Inflammation Biomarkers in the Amazonian Indigenous Shuar of Ecuador. Global Station for Indigenous Studies and Cultural Diversity, Hokkaido University, virtual presentation.

2021

Gildner TE. Constructed niches and shared drivers of climate change and rising obesity rates. Talk given as part of the Human Niche Construction Theory: A Lens to Analyze Ongoing Climate Change session at the American Association for the Advancement of Science (AAAS) annual meeting, virtual presentation.

RESEARCH AND FIELD EXPERIENCE

2020-Present *Co-Principal Investigator*

The COVID-19 And Reproductive Effects (CARE) Study

This study assesses the ways that the COVID-19 pandemic affected maternal care and well-being among pregnant individuals living in the United States. Conducted through online convenience surveys, this project focuses in particular on how COVID-19 has altered birth plans and led to new birth-related concerns. Study results are used to develop educational material and resources. <https://sites.dartmouth.edu/care2020/>

2019-Present *Co-Principal Investigator*

Rural Embodiment and Community Health (REACH) Study

This project documents the prevalence of neglected tropical diseases and associated health outcomes among children in low-socioeconomic status regions of the United States, as well as lifestyle factors that contribute to infection. This project is currently in the exploratory data collection phase, with future goals of becoming a longitudinal project investigating the effects of climate change and lifestyle on disease transmission.

<https://www.reachresearch.org/>

2016-2017 *Research Assistant*

Building the Methodological Toolkit in Biological Anthropology: Dried Blood Spot Methods Development for Addressing Key Evolutionary and Biocultural Questions

Principal Investigator: Dr. J. Josh Snodgrass

Coordinating student volunteers, recruiting study participants, and assisting in the collection and lab analysis of dried blood spot samples for various biological markers to help enhance the biological anthropology toolkit through the development of six new dried blood spot biomarkers.

2013-2014 *Research Assistant*

The Role of Arts Programs in Fostering an Organizational Culture of Patient-Centered Care and an Environment of Healing in Hospitals and Hospices, University of Oregon

Advisor: Dr. J. Josh Snodgrass

Assisting in medical interviews, protocol development, and lab analysis of blood and saliva samples for various biological markers to help identify the kinds of management policies and practices required for strategic implementation of arts programs to create an organizational culture of healing in hospital and hospice settings.

2012-Present *Senior Investigator*

The Shuar Health and Life History Project (SHLHP), Morona-Santiago, Ecuador

Principal Investigators: Drs. J. Josh Snodgrass, Samuel Urlacher, Melissa Liebert, and Felicia Madimenos

Ongoing fieldwork in Ecuador collecting data on Shuar health, levels of parasite infection, anthropometry, blood and saliva samples for various biological markers (e.g. immune function and lipid levels), collecting genealogy information and household inventories as part of the Shuar Health and Life History Project.

<https://www.shuarproject.org/>

2012-Present *Researcher*

Study on global AGEing and adult health (SAGE), World Health Organization

Project Manager: Dr. Paul Kowal

Assisting in data analysis and the publication of results for a longitudinal study of health and well-being among older adults in nationally representative samples in six countries (China, Ghana, India, Mexico, Russia, and South Africa).

<http://www.who.int/healthinfo/systems/sage/en/index.html>

TEACHING AND ADVISING

Courses Taught, Sole Instructor

Department of Anthropology, Washington University in St. Louis

Anthropology 3070: Human Variation (Fall 2025).

Anthropology 507: Human Biology Seminar, graduate level (Spring 2023).

Anthropology 3283: Introduction to Global Health (Spring 2022, Spring 2023).

Anthropology 4005: Evolutionary and Health Impacts of Human Parasite Infection (Fall 2022, Spring 2025).

Anthropology 4312: Environmental Interactions and Human Health (Fall 2021, Spring 2025).

Department of Anthropology, Dartmouth College

Anthropology 06: Introduction to Biological Anthropology (Spring 2020, remotely taught due to COVID-19 pandemic).

Anthropology 62: Health and Disease in Evolutionary Perspective (Spring 2019).

Department of Anthropology, University of Oregon

Anthropology 362: Human Biological Variation (Summer 2018, online course).

Anthropology 369: Human Growth and Development (Summer 2015).

Courses Taught, Graduate Teaching Fellow

Department of Anthropology, University of Oregon

Anthropology 165: Sexuality & Culture (Summer 2017). Instructor: A Montague.

Anthropology 173: Evolution of Human Sexuality (Winter 2012; Winter 2013; Winter 2015). Instructor: F White.

Anthropology 175: Evolutionary Medicine (Fall 2012). Instructor: JJ Snodgrass.

Anthropology 220: Introduction to Nutritional Anthropology (Spring 2016). Instructor: LR Ulibarri.

Anthropology 270: Introduction to Biological Anthropology (Fall 2011, Spring 2013). Instructors: JJ Snodgrass, K Sterner.

Anthropology 310: Human Attraction and Mating Strategies (Spring 2012). Instructor: LS Sugiyama.

Anthropology 362: Human Biological Variation (Fall 2015). Instructor: LR Ulibarri.

Anthropology 369: Human Growth and Development (Fall 2014). Instructor: JJ Snodgrass.

Department of Biology, University of Oregon

Biology 212: Organisms (Winter 2016). Instructor: M Carrier.

Advising

Current Graduate Student Mentoring

PhD thesis chair: Katie Nemeth (WashU), Jade Beauregard (WashU)

PhD thesis committee: Enrique Gomez (WashU), Stephania Jimenez Castro (WashU), Lukas Daniels-Day (WashU), Anna Samsonov (Baylor University)

Graduate student research assistants: Courtney Pierce (University of Montana)

Past Graduate Student Mentoring

PhD thesis committee: Alaina Schneider (WashU), Kristena Cooksey (WashU)

Medical student research assistants: Whitney Simmons (Dartmouth College), Margaret Sherin (Dartmouth College), Daniela Orozco Rendon (Dartmouth College)

Current Undergraduate Student Mentoring

Undergraduate student research assistants: Regan Cannon (WashU), Victoria Christianson Galina (WashU), Doyoon Kim (WashU)

Senior honors thesis advisor: Kathleen Ko (WashU)

Past Undergraduate Student Mentoring

Senior honors thesis advisor: Bel Orinda (WashU, McNair Scholar), Haley Powell (WashU)

Senior honors thesis reader: Britney Sun (WashU)

Independent studies advisor: EJ Abass (Dartmouth College)

Undergraduate honors thesis reader: William Olson (University of Oregon)

Undergraduate student research assistants: Sophie Waimon (WashU), Alex Shing (WashU), Tommy Tropeano (WashU), Angela Zhang (WashU), Samantha Weaver (WashU), Julie Deleger (WashU), Grace Alston (Dartmouth College), Amanda Lu (Dartmouth College), Rebecca Milner (Dartmouth College), Cecily Craighead (Dartmouth College), Brianna Miller (University of Colorado Colorado Springs), Sarah Riley (University of Colorado Colorado Springs), Romello Valentine (University of Colorado Colorado Springs), Emma Pirillo (University of Colorado Colorado Springs), Alexandria Bedbury (University of Oregon), Robin Brigham (University of Oregon)

RECENT INVITED PRESENTATIONS (including currently scheduled)

2025

WUSTL workshop on research support, invited panelist for discussion on working with research development office teams

WUSTL Center for the Environment, invited panelist for Academic Consortium for Climate, Environment, and Sustainability Solutions (ACCESS) faculty discussion

University of Missouri, Department of Anthropology Colloquia series

WUSTL TRIADS, invited speaker for Bridging Data Divides: Collaborating for Impact, panelist on community engaged research practices

WUSTL Center for the Environment, invited panelist for reunion weekend panel presentation and discussion on environmental health research

Gateway STEM high school, invited presentation on flooding and environmental justice

2024

Human Biology Association, Virtual Workshop Panelist (on conference poster presentations)

2023

WUSTL Environment Research Collaboration Series, invited speaker

Environmental Justice in STL Research Convening, invited speaker

Club EvMed (virtual talk series), Health Disparities in Evolutionary Medicine section

Duke University, Evolutionary Anthropology Topics Seminar (EATS) Colloquium

Pennsylvania State University, Population Research Institute, brown bag lecture series
WUSTL Health Communications Design Studio, “From the Classroom to the Community:
Translating Academics to Impact In, With, and For St. Louis”, invited panelist
WUSTL Center for Teaching and Learning, “AI for AIs: The Possibilities and Pitfalls of
Artificial Intelligence in the Classroom”, invited panelist
WUSTL Planetary Health seminar event, Climate Change Program and InCEES
Baylor University, Urlacher Lab Colloquia, Department of Anthropology
Texas A&M University, Department of Anthropology

2022

WUSTL Faculty Spotlight, “Past and Present Parasite Infections in the United States”
Taking Back Our Community Town Hall, Health Risks and Community Impact invited panelist
GlobeMed at WashU, chapter presentation on grant writing
American Association of Biological Anthropologists, #Hackademics (Hacks for Succeeding in
Academia) Webinar presentation
Human Biology Association, annual conference student reception table discussion leader
Texas A&M University, Department of Anthropology
Valdosta State University, Department of Sociology, Anthropology, and Criminal Justice

2021

Washington University in St. Louis, Global Health Center’s Global Health Week Panelist
Human Biology Association, Virtual Workshop Panelist (on academic job application process)
Human Behavior and Evolution Society (HBES), Virtual Roundtable Series on Indigenous health
Baylor University, Department of Anthropology, Evolutionary Medicine lecture
Washington University in St. Louis, Department of Anthropology, World Archaeology lecture
Washington University in St. Louis, Living Earth Collaborative seminar series
Washington University in St. Louis, MedX Public Health
Texas A&M University, Department of Anthropology
Dartmouth College, Geisel School of Medicine

2019

Harvard University, Lieberman Lab Colloquia, Department of Human Evolutionary Biology
Dartmouth College, Dartmouth Guarini School Academic Job Search Workshop Series

2018

Yale University, Brown Beer Lecture Series in Anthropology
University of Washington, Colloquia Series in Anthropology

LEADERSHIP, PANEL, WORKING GROUP, AND SERVICE POSITIONS

University Level

2024-Present: IRB committee representative, Anthropology Department

2022-2023: Subfield representative, Anthropology Department Undergraduate Review
Committee.

2022-Present: Faculty Advisor, GlobeMed at WashU.

2021-2023: Mentor, SLU McNair Scholars Program.

2021-2023: Mentor, WUSTL Global Health Mentoring Program.
2020-2022: Search Committee, digital transformation cluster hire in paleoanthropology.
2020-2021: President, Dartmouth College Postdoctoral Association.
2019-2020: Planning Committee, Dartmouth College Postdoctoral Research Day.
2019-2020: Organizing Committee, Dartmouth Anthropology Department Colloquium Series.
2018-2020: Community Development Committee Chair, Dartmouth College Postdoctoral Association.
2012-2014: Organizing Member, University of Oregon Association of Anthropology Graduate Students.

Professional Level

2025-Present: Ad Hoc Committee on Community Engaged Research, Human Biology Association.
2025-Present: Publications Committee, Human Biology Association.
2025: Human Biology Association breakout session chair, “Researcher and community partner reflections from the field: Leveraging community engagement to promote ethical research practices”.
2024-Present: Guest Editor, Shuar Health and Life History Project special issue, American Journal of Human Biology
2023-Present: Member, Population Ecology, Aging, and Health Network (PEcAHN), working group based at Duke University.
2022-Present: Editorial Board Member for the Annals of Human Biology, “Human Metabolism & Physiology” section.
2022-2024: Nominations and Elections Committee Member, Human Biology Association.
2021: Virtual Session Co-Organizer, Building Intersections of Covid-19 Scholarship, Health Inequities, and Systems Of Care In Pregnancy And The Postpartum. Annual meeting of the American Association of Physical Anthropologists.
2020-2021: Human Biology Association Junior Service Fellow, Sausage of Science podcast producer.
2019: Co-Organizer and Panelist, Evolutionary Medicine: Applications and Interventions for Public Health Symposium, Dartmouth College.
2019: Organizer and Chair, Dartmouth College interdisciplinary working group, “Researching immigrant health and well-being in contemporary American society, navigating the complex issues surrounding participant protection and advocacy in study design”.
2017: Session Chair, annual meeting of the American Association of Physical Anthropologists, New Orleans, LA.
